

Unique opportunity as an attendee of the Joint Meeting

The Joint meeting of HEBON-IMPAHC-VKGN 2019 “Challenges in Cancer Genetics” will take place at the CORPUS Congress Centre, which also offers a unique experience.

We are very happy and excited to offer all attendees of the Joint Meeting on *Thursday 7 November 2019 between 06.00 p.m. (end of last session) and 07.30 p.m. (start of the conference dinner)* the great ‘journey through the human body’ by [CORPUS](#).

Nowhere else do you get such a special close-up to explore the human body from the inside. CORPUS lets you experience the journey in 30 minutes, guided by an audio tour (available in 8 languages). Afterwards, you can also visit the interactive part 'my CORPUS'. Here you will find a wealth of information, tests and games. You embark in groups of up to 16 people. On average, one group of visitors leaves every 7 to 8 minutes.

You can enroll a tour for free by sending an e-mail, entitled ‘NKI2019’, with your first name, last name and organization: ‘Joint Meeting 2019’ to info@corpusexperience.nl. We will inform you about your departure time on the event day.

Kind regards,

The organizing committee 2019,

Eveline Bleiker (IMPAHC)
Marjanka Schmidt (HEBON)
Margreet Ausems (VKGN)
Aad Tibben (IMPAHC)
Denise Jenner (HEBON)

7 & 8 NOVEMBER 2019

Challenges in Cancer Genetics

JOINT MEETING OF  HEBON  IMPAHC  VKGN
