

SYMPOSIUM

Thursday
28 September,
2023

IN VIVO TRANSLATION AND COLLABORATION

On the 28th of September 2023, the NKI Animal Facility will organize a symposium in honor of its 10th anniversary. The symposium will be a collaboration between our Laboratory Animal Facility, Mouse Cancer Clinic and Animal Modeling Facility.

THE NKI ACCOMMODATES APPROXIMATELY 650 SCIENTISTS AND SCIENTIFIC SUPPORT PERSONNEL. IT COVERS THE FULL SPECTRUM OF CANCER RESEARCH, FROM BASIC LIFE SCIENCES TO THE DEVELOPMENT OF NEW DIAGNOSTICS AND TREATMENTS

BACKGROUND

In vivo translation from clinic to lab becomes more and more important. The latest developments and innovations in the world of laboratory animals will be discussed. Researchers, group leaders and keynote speakers play the largest role. In addition, suppliers will be invited for sponsoring the symposium.

Thursday
28 September,
2023

Program

09:30 - 10:00	Registration
